ALFRED DUNHILL
LINKS CHAMPIONSHIP

Q. Slightly different conditions to last week. Have you had a moment to reflect on the enormity and scale of what you've just achieved?

TYRRELL HATTON: To be honest, no. It's a quick change like back in some ways back to reality. Obviously last week was a very special week. But obviously now my focus is trying to defend this title. I have some time off after this week and I think that's when I'll have the time to reflect on how amazing the Ryder Cup was.

Q. Sounds like you've been very sensible with your travel over. With that being said, you've won this tournament three times already. What is it about this tournament week that you enjoy so much?

TYRRELL HATTON: I don't know. The tournament has been very about to me. I've managed to play some great golf over the years at this event. I think maybe the slightly relaxed atmosphere this week helps me a little bit. As we all know, I don't fear losing the head. Yeah, maybe that has something to do it with it.

Q. You've won this tournament with your dad by your side and he's played a massive part in your career. How proud are you of not just that relationship and that moment, but everything that you've achieved up to now?

TYRRELL HATTON: Last year, it was the first time I had actually won a tournament with my dad here. So that was really special, and yeah, I mean, he had a front row seat, which is pretty cool.

Yeah, he's been my coach since I was basically ten years old. So we've achieved a lot together, and that's really special.
